SPECIAL BOARD OF PUBLIC WORKS

Wednesday, June 8, 2011 – 9:30 a.m.

PRESENT: Ms. Ledesma, City Clerk; Mr. Presnal, Plumbing Insp.;
Mr. Ruggini, Finance Dir.; Ms. Welch, Dir. of Community Development – 4

EXCUSED: Mr. Kesner, City Atty.

ALSO PRESENT: Mr. Porter, Public Works Dir.; Mr. Wehrley, City Engineer; Mr. Pyne, Civil Engr.

Ms. Welch as Vice-chair called the meeting to order at 9:30 a.m.

Board Resolution approving plans and specifications and authorizing the City Clerk to advertise for bids on Project #10-42 Safe Routes to School; curb ramp installation. Mr. Pyne explained the need to expedite the process of getting this Department of Transportation project out to bid. The initial discussion of this project started in December 2007. The project covers installation of 55 curb ramps. Mr. Pyne said that the lengthy process included getting permission from property owners to re-landscape.

Mr. Pyne said the project includes bringing ramps up to standard. Bike riders will be able to ride and the new curb ramps will avoid problems with them hitting the curb.

Mr. Wehrley said that the City is at the mercy of the state with our schedule. They would like to get started as soon as possible and would like to see completion by the start of school. It is unknown if this will happen or not.

Mr. Pyne answered a question that funds from 2010 were carried over onto the 2011 budget. The estimated cost is over \$200,000 with a grant portion of approximately \$140,000.

Moved by Ms. Ledesma, seconded by Mr. Presnal to
approve the foregoing. Ayes:4

The committee adjourned at 9:38 a.m.

Secretary to the Board
