**A. Issue**

The Wauwatosa Water Utility seeks authorization to advertise for bids for Contract 14-51, Water Main Pipe Rehabilitation. This water main pipelining rehabilitation project is part of a cooperative agreement with the Marshfield Water Utility where Marshfield will act as the lead agency.

Our utility intends to line a 12" water main located in an easement north of W. Wisconsin Avenue between N. 72<sup>nd</sup> Street and N. 76<sup>th</sup> Street. Also as part of the water main rehabilitation efforts, the utility intends to line three segments of 6" water main that are connected to the 12" main. Two of these segments run through easements between residential properties.

Design plans and specifications for water main pipe rehabilitation located in easement areas north of W. Wisconsin Avenue were developed by Short Elliott Hendrickson Inc.
