Wauwatosa Car versus House Incident

Wauwatosa, WI – At 7:43 A.M (1/4/18) the Wauwatosa Fire Department responded for a report of a car that struck a house at 821 N. 60th St. First arriving units found one vehicle that had impacted the front of a single-family residence. The driver of the vehicle was out prior to our arrival. The homeowner and a family member were in the home at the time. Neither the driver nor occupants of the home were injured.

The exact cause is undetermined but the driver of the vehicle reported a mechanical issue may have occurred causing the accelerator to stick. The building did suffer moderate damage. The Wauwatosa Building Department was on-scene to evaluate the structural integrity of the structure.
